

## ***Interactive comment on “Isotropy restoration toward high-beta space plasmas” by H. Comişel et al.***

### **Anonymous Referee #1**

Received and published: 21 September 2014

The authors have responded positively to most of my comments, and I now find the manuscript appropriate for publication. Two small changes, please: The captions to Figures 4 and 5 should show the range of wavenumbers used in the corresponding simulations, just as Figure 3 does.
