Received and published: 27 September 2014

This is the response to the comments by Dr. F. Yusof (Nonlin. Processes Geophys. Discuss., 1, C367–C368, 2014) on our manuscript NPGD, 1, 841–876, 2014, titled “An improved ARIMA model for hydrological simulations”. Due to the format issue, please see the point-to-point responses to each comment in the attached PDF format file named “Reply to comments of Dr. Yusof.pdf”. Thanks.

Please also note the supplement to this comment:
