

Interactive comment on “Intermittent heat instabilities in an air plume” by J.-L. Le Mouël et al.

J.-L. Le Mouël et al.

volodya@mitp.ru

Received and published: 26 May 2016

We thank the reviewer for in detail study of our manuscript and providing comments and valuable remarks that help improving presentation of the results of the heat experiments in an isolated room of the Vincent quarry. Our responses to each of the reviewer's comments are given in red through the text of his or her Review (see attached PDF).

On behalf of all the co-authors, Vladimir KOSSOBOKOV Moscow, 26 May 2016
