Interactive comment on "Variational modelling of extreme waves through oblique interaction of solitary waves" *by* F. Gidel and O. Bokhove

F. Gidel and O. Bokhove

mmfg@leeds.ac.uk

Thank you for your comment and suggestions. We agree with your summary and we have accommodated the following section titles changes in our manuscript:

1) 2.2 From Luke's variational principle to Benney–Luke set of equation;

2) 2.3 From Benney–Luke set of equations to the Kadomtsev-Petviashvili equation.

Best regards,

Floriane Gidel and Onno Bokhove
