

Interactive comment on “Stratified Kelvin-Helmholtz turbulence of compressible shear flows” by Romit Maulik and Omer San

Romit Maulik and Omer San

osan@okstate.edu

Received and published: 11 April 2018

We would like to thank the reviewer for their feedback and we are happy to see their recommendation for the publication of our manuscript. Furthermore, we would like to thank the reviewer once again for bringing our attention to the listed typos and we will fix them when we revise our manuscript.

In conclusion, the authors would like to thank the reviewers again for their time and their valuable comments. Addressing these comments as explained above, we believe that the manuscript can be improved extensively in terms of concept, technical content and clarity of exposition.

Sincerely,

Omer San
