Handling Editor  
Nonlinear Processes in Geophysics

Dear Prof. Tchiguirinskaia,

We would like to thank you for your time in reading our manuscript and your recommendation for the publication of our manuscript in the NPG without the need for further editing. Following your editorial suggestion we have included the Acknowledgments a part of vast recognition to the four anonymous referees.

Please find attached our revised manuscript entitled "*Stratified Kelvin-Helmholtz turbulence of compressible shear flows*" along with our slightly revised Acknowledgment section.

Again, thank you for the reading of our manuscript and providing a valuable feedback.

Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Omer San'.
