Received and published: 28 April 2018

In my opinion, all referee questions have been satisfactorily addressed by the authors response and the new version of the manuscript. Therefore, I encourage the authors to submit a final version of the paper for publication including the changes made as they are in the current resubmission.

Interactive comment on Nonlin. Processes Geophys. Discuss., <https://doi.org/10.5194/npg-2017-76>, 2018.
